Muammad Kumail

Full Stack (MERN) Web Developer

SKILLS

HTML, CSS, Bootstrap, Material UI, CoreUI, Javascript, ReactJs, NextJs, Git, Github, MongoDB, NodeJS, MySql, PHP, ScemantiUI, Python, C/C++, AWS, Azure, GCP

EXPERIENCE

ShiftCrowd, UK — MERN Stack Lead

DEC 2020 - Present

- Responsible for developing Enterprise level projects in MERN stack
- Worked with diverse team from all across Europe remotely from home
- Used applications of redux and hooks to build scalable solutions in React
- Lead the team as Scrum and automation master, achieved customer satisfaction with continuous integration
- Helped me build strong leadership roles in mounting big projects

Afiniti, Lahore — Intern

AUG 2020 - SEP 2020

- Worked as a Software Quality Assurance Intern for a software developed by Afiniti in a group of 70+ students from all backgrounds under flexible timings during the tenure.
- The work helped me build a strong analytical approach, followed by continuously delivered agile feedback improved the product to a greater extent.
- Gained keen knowledge of working under big corporations and was able to blend into their working environment.

Psych-Help, StudentCodeIn — Open Source

JANUARY 2020 - MAY 2020

- Open Source project aiming to connect patients with doctors to help people psychologically and giving them advice.
- Contributed to the project over MERN as the web stack.
- Resolved the issues of setting up the express server, contact us rendering, and form validation.

Vyro.ai, TIC NUST — Intern

FEB 2019 - APR 2019

- Graphic Designer Intern mainly aimed to create face models for a photo editing mobile app using AI.
- The face features were designed using photoshop and illustrator. Used scripting for automation of rendering.
- The automation reduced the office overhead and labour by 60%. The initial boost helped the app to attain 1M+ downloads in the play store within a year.
